

MAYOR'S CORNER

Cost Cutting While Providing Amenities

We have been under a great deal of pressure as you are well aware, to keep our budget under control because of what the legislature did to us three years ago. We further have felt the decline in revenue and are trying very hard to reduce our costs without reducing the services that you need and should expect.

We have surveyed the citizens for several years and found a desire to have a community swimming pool, but not enough desire to be taxed extra to provide one. We have looked at the high costs of building and maintaining a pool and couldn't find any way to do our own in any kind of manageable way. I have, however, come up with some alternative ideas and have presented them to our City Administrator, Department Heads and Council and I feel we are now ready to roll out the plans to you for your consideration.

Amenities that Give You Big Benefits for Little Cost

The first amenity is to build on the success of a program we piloted last year and expanded this year: Riverdale City Nights at the Roy Aquatic Center. This year there will be 6 nights (2 each of the summer months) when any and all residents can go out to the Center at no charge, the city pays the admission costs (see article on this page).

The second amenity is an agreement with Roy City to allow Riverdale residents to go to the Roy Complex any time they want as individuals or families at a discount. Roy City just approved our request to partner with them to better utilize that facility. As a benefit to our residents, Riverdale City will pay half of the discounted non-resident rate, which will result in a significant savings (see article on this page).

The third amenity is a free Riverdale City Night at the Ogden Raptors ballgame on July 8th. The Ogden Raptors have given a wonderful benefit to Riverdale residents that allows us to distribute general admission tickets on a 1st come 1st served basis (see article on this page). Anyone can then upgrade from general admission to reserve seats for \$5 per person, if they choose to do so.

I hope you agree that these benefits are a great use of the public funds, to provide the most public good for the least amount of money.

Thanks for all you do to make our City Great.

Mayor

WEBER RIVER PARKWAY TRAIL

Respect Wildlife on Trail

One of the great amenities of Riverdale City is the Weber River Parkway Trail. This is an area shared by people and wildlife alike. Recently there was a beating death of one of the white geese who have made their home along the riverbank. This senseless act of cruelty reminds us that we must keep an eye out for those who choose not to respect the wildlife or fellow citizens. Please report any illegal or suspicious activity to the Police Department immediately. Working together we can preserve the natural beauty and enjoyment of the trail.

Geese along the parkway trail.

New Section of Trail Coming

Construction has begun on a one mile extension of the south end of the trail. Once complete the trail will extend nearly the entire length of the city borders from north to south. In the near future the trail will be connected on the north end to the Centennial Trail.

Map of Trail

A map of the Weber River Parkway Trail with locations of trail heads and access points has been added to the city website. You may view the map by visiting www.riverdalecity.com and find it listed under recently added items on the home page.

PUBLIC SAFETY NEWS

TO CATCH A THIEF

Now that summer is here upon us, we need to be ever diligent in being aware of our surroundings. As most of you already know, criminals tend to be on the lazy side and only *work* (and I use the term *work* very loosely) when goods are convenient for them to take. Now that summer is finally here, **opportunistic criminals** will be too. On May 20th, our officers caught a group of vehicle burglars that had been stealing from cars from Crystal Springs to Layton. And because of an observant citizen in the Glen Cove subdivision, we were able to make an arrest and seize stolen property.

We as a police department would like to give you a little reminder to lock up your possessions or at least make it harder for thieves to get at them. You may want to remind your kids to park their bikes in the garage or at least bring them around to the back yard. Keep your garage doors shut both day and night. If a thief drives by and sees what goods you have, he will return day or night and partake of your hard earned goods.

Thieves hate light, please install motion detection lights at all entrances to your home or garage. As we drive around at night it is amazing to note how easy it would be for thieves to steal. And please pay attention to unfamiliar vehicles and people hanging out in your neighborhood and feel free to call police **whenever** you are suspicious; your gut instincts will usually be right. Our goal is to keep you safe and secure in wonderful Riverdale City.

Chief David Hansen, Riverdale Police Department

USE CAUTION WHILE GRILLING

Fire in the grill, under hot dogs and burgers, is a welcome sight at the family cookout. But fire anywhere else can make your summer barbecue memorable for all the wrong reasons. Here are a few facts & figures to be aware of during this grilling season:

- In 2003-2006, U.S. fire departments responded to an average of 7,900 home fires involving grills, hibachis or barbecues per year, including an average of 2,900 structure fires and 5,000 outside fires. These fires caused annual average of 10 deaths, 120 reported injuries and \$80 million in direct property damage.
- Although gas grills are used roughly 1.5 times as often as charcoal grills, they were involved in five times as many fires. Gas grills were involved in 6,400 home fires, including 2,100 structure fires and 4,300 outdoor fires.
- One-third of the home structure fires involving grills started on an exterior balcony or unenclosed porch, 18% started on a courtyard, terrace or patio, and 11% started on an exterior wall surface.
- Flammable or combustible gas or liquid was the item first ignited in half of home outdoor grill fires.

As your Fire Department we urge you to use caution while grilling and hope you have an enjoyable and safe summer season.

MOSQUITO SEASON HAS ARRIVED

Well neighbors, it's that time again. Time to be checking for any stagnant water, whether it's in the rain gutters, old tires, kiddie pools, flower vases, etc., please make sure the water is removed and not available to our nasty friend, the mosquito.

Again this year, we, the mosquito board representatives, will take requests for spraying areas with outbreaks, or, to be used for family get-togethers, weddings or any outdoor group meetings in Riverdale. Please call a week in advance so that the spraying can be planned for and done a day before the event. Call me at 801-392-0724 or the office at 801-392-1630. Mosquito fish are also available for ornamental ponds.

We are again very concerned with the West Nile Virus carried by mosquitoes. So far, we here, have been quite fortunate in the rare cases we have had, however, this is a very serious illness and we all should do everything possible to lessen the chances of getting this virus. I have obtained a video that deals with the viral effects of the virus, and it is available to view on the city website at www.riverdalecity.com.

Stan Hadden, President of the Board
Weber Mosquito Abatement District
