

MAYOR'S CORNER

Action Plan for 2009

2009 is well underway and we as a city have seen the same thing in our budget projection that many of you have seen in your personal budgets, a major hit. We are three years into our "crisis" rather than one year as most other cities. Our action plan, as implemented in 2006 by Mayor, Council, Larry and all city departments, is working. Our one-time move to head off disaster with a modest property tax increase has made it possible to keep on top of the financial avalanche instead of being buried by it.

This year there is even more bad news with the continuing loss of revenues. However, as we met in strategic planning session, Mayor/Council and department heads, we believe the shortfall can be made up and we will end the year in the black.

Delivery of Core Services

Governments were and are instituted to provide core services that individuals cannot normally provide for themselves. Police and Fire protection are some of the first to be organized as we became communities, and as sanitary needs became greater, water, sewer and garbage soon came along. These core services are what we have been focusing on as we prepare to move forward through the upcoming lean years. With the proper focus we can continue to provide you with the high quality of services you have come to expect.

Improving the process

We have and will continue the refining of our processes to maintain, and where possible improve services, while not raising rates. We did not want to raise fees or taxes last year, nor do we want to in the future, because of the hard times we all face at this time. We are looking into many ways to streamline and take advantage of some of the great spirit of volunteerism that exists here in Riverdale City (see Chief Hansen's article on page two of this newsletter).

If you have suggestions, yes even criticism of the things we are doing we want to hear from you. Please call, write, email, come in or participate in our City Council, Planning Commission, or other meetings. If you want to help make the city better we want to talk with you. All people will be listened to and responded to that come to us in a genuine attitude of trying to work out solutions.

Thanks to all of you, for what you do to make our City Great.

Bruce Burrows
Mayor

HEALTH AND EMERGENCY PREPAREDNESS FAIR

Please come join us for a fun and educational experience at the Riverdale City Health and Emergency Preparedness Fair. The event will be held on March 26th from 5:00 p.m. to 8:00 p.m. at the Riverdale Community Center, 4360 S. Parker Drive.

Local organizers have joined with Weber State University Professor Dr. Patti Cost and her team of students to provide a comprehensive evening of health and emergency preparedness information.

There will be over 40 booths including:

- Cholesterol testing
- Blood Pressure Testing
- Glucose testing
- Nutrition
- Oral Health
- Child Safety
- Stress Management
- Financial Planning
- Emergency Preparedness information
- and much more.

Two seminars will be presented:

- **"Personal Finance in Troubled Times"** by Larry Stay at 5:30 pm. - 6:30 pm.
- **"Surviving in Place"** by Zak Baker at 7:00 pm - 8:00 pm.

In conjunction with the fair there will be a blood drive by the American Red Cross from 3:00 p.m. to 8:00 p.m.

There will also be refreshments, door prizes and activities for the children! This will be a great event for the entire family.

PUBLIC HEARINGS

The following will be held at the Civic Center. Public comment is invited.

Planning Commission Meeting

Date: March 10, 2009 **Time:** 6:00 p.m.

Public Hearing #1: Proposed rezone of property from an R-2 zone to an R-1-8 zone.

Public Hearing #2: Proposed infill lot ordinance.

Public Hearing #3: Proposed amendments to Title 10.

VOLUNTEER PROGRAM CONSIDERED

In Riverdale City's last strategic planning meeting it was discussed how we as a city can do more with less and how we can bring the citizens in on making our city even still a better place to live. Mayor Burrows and the City Council asked the Police Department to take a look into a program that Councilor Griffiths suggested.

The Department is looking into starting a Citizen Corps Council. This program will help create the groundwork for the long-term security of our neighborhoods and community. The program we are looking into is the Volunteers in Police Service (VIPS) Program. The VIPS Program enables everyone to do something to help make our families and our communities live safer through:

- **Personal responsibility:** Develop a household preparedness plan and disaster supply kits, observe home health and safety practices, implement disaster mitigation measures, and participate in crime prevention and reporting.
- **Training:** Taking classes in emergency preparedness, response capabilities, first aid, CPR, fire suppression, and search and rescue procedures.
- **Volunteer service:** Engaging individuals in volunteer activities that support first responders, disaster relief groups, and community safety organizations.

The VIPS Program will: Promote and strengthen the Citizen Corps programs such as CERT teams and Neighborhood Watch groups; provide opportunities for special skills and interests; develop targeted outreach for the community; provide training in first aid and emergency preparedness; organize special projects and community events; encourage cooperation and collaboration among community leaders; and create opportunities for all residents to participate.

The VIPS program requires volunteers to work directly within the agency through an in-house volunteer program or organization operating in concert with the Police Department, such as a citizens' police academy. This program could also help us to marshal (yes, pun intended) the help of Riverdale citizens to become an extra set of eyes and ears for problems that are ongoing.

By the next newsletter we will have the application process in place and a set of rules and guidelines for citizens that wish to be a part of this program. The VIPS Program will enable Riverdale Citizens to be trained in ordinance enforcement and to help with monitoring the trail, park systems, and parking enforcement in Riverdale. We look forward to working with you, the citizens of Riverdale, to implement this program to be highly effective and rewarding to all involved.
