

MAYOR'S CORNER

Thanks to a great example of good citizenship

I want to take the time to recognize an individual that sets a great example to all of us for community service. There may be others that we could and should recognize, but our staff made me aware of this outstanding citizen. A while ago Mr. Lyle Gear began picking up trash along the Weber River Trail as a way to pass time after dealing with a family tragedy. Since that time he has collected over 40 trash bags of garbage from our trail.

My first thought was why was there that much trash to pick up from our beautiful trail in the first place? Do we not value this wonderful asset enough to keep it clean and not litter? My second thought was to thank Mr. Gear for his selfless service. As a result of his actions, there are 40 garbage sacks of litter that are no longer on the trail. Thank you Mr. Gear for being a great example and an "Outstanding Riverdale Citizen".

Other acts of kindness

Because people do things quietly and without fanfare, I sometimes overlook thanking them for the great things that are done in our city. This past spring a group of our residents went along Parker Drive and cleaned up along the roadway and hillside disposing of many bags of trash and debris. The group was sponsored by the Riverdale 8th Ward of the LDS Church, with many people helping. They also made signs with various messages about keeping it clean in the future, to remind us that "every litter bit hurts". Thanks to all who participated in this project and keep up the good work.

We can all do our part

I would encourage others to form groups and find good work to do. Join Mr. Gear in the crusade to keep our trail and other areas of the city clean and free from unsightly trash. Start with your own yard and then your street and then expand to areas you travel along. If you walk or jog for exercise you can add to your workout by picking up litter along the way.

We live in a throw away world now, but please don't be part of the problem, be part of the solution to a greater and cleaner community.

Thanks for all you do to make our city great!

Mayor

RECYCLING SERVICE TO BEGIN IN OCTOBER

Our Riverdale City Public Works Department has begun delivering the blue recycling cans to residents. All residents who currently receive curbside garbage collection service from Riverdale City will be delivered a recycle can (with the exception of those residents who have opted out). Details of the recycling service are as follows:

- Place only acceptable recyclable materials in the recycle container (see list on the city website). Recyclable items can be co-mingled or mixed together in the container.
- The recycle can will be picked up on an every other week basis on Wednesday, the same as the current garbage pickup day. The recycle can and the garbage can will be picked up by different trucks at different times on pickup day.
- The city has been divided into two separate blue and red pickup routes with each route scheduled for pickup on an altering, every other week basis. A flyer is being distributed with the recycle cans which will tell residents which pickup schedule they are on. A map of the routes and a pickup schedule is also available on the city website.
- **Please have cans out to the curb by 6:00 a.m. or the night before.** By combining recycling collection with the collection of regular garbage pickup, times may be altered.

RECYCLING SERVICE

- Place the container in the street with the wheels against the curb or within 2 feet of the blacktop if no curb exists, with the front of the container facing the street.
- Containers must be placed 4 feet apart and 8 feet from mailboxes, poles, fences, trees, or parked vehicles for easy access. Do not place cans under low trees or other overhead obstructions.
- The container has an inventory number which is assigned to each household. The container must remain on your property and be properly cared for.
- Additional recycling containers are available for \$2.45 per month per container.
- If you have more than one garbage container (black), it is recommended that you keep the extra container until you determine exactly what your garbage service needs will be. This will save the city time and money in re-delivering garbage containers.

We encourage all residents receiving the recycling cans to make an effort to recycle. Additional information about the recycling service can be found on the city website at www.riverdalecity.com.

If you have any questions about the curbside recycling service, please call 801-394-5541 ext. 1201.
