

BURNING PERMIT
RIVERDALE CITY
WEBER COUNTY AREA OPEN BURNING PERMIT REQUIREMENTS

NAME: _____

DATE: _____

ADDRESS OF BURN:

PHONE: _____

This written permit identifies the products that may be burned, and safety requirements that must be met. This burning permit shall be permission to start and maintain a fire under the following prescribed conditions and serve as notification of intent to burn. This burning permit shall in no way relieve an individual from personal liability due to damages should the fire escape control.

This permit is for agricultural type producers only and includes the following: Burning of weed growth along ditch banks incident to clearing these ditches for irrigation purposes; burning of weeds and brush along fence lines; stubble; leaves; pruning of trees, bushes, and plants. Materials to be burned must be thoroughly dry before attempted burning.

Permits are not issued for the burning of trees, trash, garbage, waste, lumber, tires, and oil based products.

Burning must be completed by dusk or the responsible party must extinguish the fire. A competent adult must supervise all fires at all times, until the fire is extinguished. Burning is prohibited within 50 feet of structures and provisions must be made to prevent the spread of fire within the same distance. Adequate provisions and manpower must be available to control the spread of fire.

Permits are conditional under the "clearing index" system approved and coordinated by the Department of Environmental Quality, dependent on local weather conditions. The clearing index must be above 500. You must check the local clearing index prior to obtaining a permit or burning by calling Riverdale City at 394-7481 weekdays between 8 a.m. and 5 p.m.

Violation of these regulations can result in the issuance of citation and possible fine under Weber County Health Department Code and State of Utah Regulations Section 26-15-38-UCA.
